“ I worked with Al at Lockheed Martin for 10 years until 1992. He was a great engineer and mentor to me as a young engineer. We had many lunches together in Belleview near Ocala when we worked on the Copperhead program. I am sorry and sad to hear he passed. I would love to have talked to him again but could not find him on social media. RIP Al and God Bless your family. Mike Palmer

In an so devastated that this tragedy has happened.As the granddaughter of of this great man I am very sad my last word to him was bye. I was not by his side and I regret it,I was scared and afraid of what might happen.it pained me to see him suffering,I wish I could have said good bye in a proper way. I love him and I just visited his house today and the grief was overwhelming. We are still grieving and coping. Charlotte .M. Ulmer
