“ Danny, in the 80's you were my first platonic love and my best friend. You treated me like a queen, always with the utmost of respect. You always made me feel safe and looked out for me, always trying to prevent me from making mistakes. You were the hardest worker, loyal, funny, kind, handsome, smart, protective, strong, a man of his word, always helpful, so very tall, with the kindest blue eyes, and had such a gentle heart. Your fear of spiders and the dark was so hilarious given your size and we always laughed about it. There were many moments shared between us that are and will always be treasured. I knew a side of you that others did not know or see. The gentle giant who gave the best hugs, would say they loved you, with a heart of gold and the most infectious laugh. I wish more than anything that I would have known about your struggles so I could have helped you. You ALWAYS listened to my advice and I feel I could have helped save you from your demons, if I'd had only known. I'm so sorry I wasn't aware, I would have been there, and I know you know that. My life is better and more beautiful simply by knowing the real you before your dark times. The love I feel and carry for you in my heart is the most beautiful gift. I think of and talk about you often and cherish all our memories and beautiful relationship/friendship. If you're lucky in life, a person will come along and imprint on your heart and soul... and I have searched for you in others. Danny, you are that person for me and I will always love you dearly.

*I wish people and family would post photos of Danny here. When I find mine, I will add them.*

“ My heart is totally broken, I worked with danny for 11 years ,first at his shop in fanning springs,then for a short while doing land clearing with b J. Of willisinton fl. Then we started working together at cracker style log homes. I thought of him as my brother ,one of the toughest, hardest working, loyal gentlemen I had the pleasure of knowing. I had lost touch with him in the the last 3 years, and I hope the family will contact me at 352-221-8562. Thank you, John koll.
