“ David gave so much to so many in his short life! I was honored to have him as my CNA when I was a new nurse and will always remember him for the kind and gentle way he treated his residence! I remember him playing his guitar after his shift for them. He always made sure his patients were will groomed from head to toe and made they felt important. I also worked with his younger brother, who was just as caring. My heart goes out to his friends and family. Heaven is a better place now!
