“ *DEBORAH was a very special lady. I didn't know her very long but it was long enough*

To know she was a person full of faith for she believed the healthcare system was taking good care of her.

She fought hard and all the way the best she could .

I totally respected her in that through all the pain she endured she kept her head up and kept going.

I will miss her sadly. I also know God always takes the good ones.

My condolences to her beloved family . God bless you all.
