“ *My fondest memories of my childhood was mom cooking Sunday dinner and inviting Aunt Edith's family over. We had such great times together. So glad we got to go to her house in Oak Hill and visit her before she moved to Florida. Sitting and listening to her stories was priceless. She had awesome testimonies about how God was so good to her. I took pictures of her pictures throughout the house. I love you Aunt Edith, Uncle Jim, and Ann. Thank you for the great memories!*

“ *Aunt Edit was such a sweet soul and was always loving and kind to all of our family  
She gave so much help and love when my mother Ollie Arnetta Frye got cancer and she stayed by her side until she passed. This was unconditional love and I have always been so thankful for that love she gave us children when our world fell apart. I loved her very much!  
Love and prayers to you Ann and your family!*

“ I am at Edith and one of the lowest terms of my life if I was going through a divorce. Being an only child I felt so totally alone and I was in a strange stay but none of my friends or relatives lived in. I have to re-dedicated my life to the Lord I met Anne. About six or eight of us started having a Bible study at a friends house and Edith are used to teach. I learned so much from her during these teachings I learned about the grace of God all the things that I was needing the most. Edith always welcomed me at her home we were talking about the Bible we listen to Christian music on TV we just spent a lot of quality time together that was awesome. Her love for God as well as her love for me help me get through that terrible time in a way I might not have. Nothing made her happier than teaching and helping people to have a closer walk with the Lord and she did that so well. Edith ever since I've known you I know you were ready to go be with the Lord and with your husband he was already there but she still took every minute here on earth to share the Lord with people and help them anyway you could. So from the minute that I heard you had passed on I rejoice for you because I knew that's where you wanted to be and I knew that's what you wanted us to do. I can't wait to see you again someday and share time with your family again. I love you and will never forget your compassion and love for me ❤️🙏
