“ I'd known Glo for many years before she moved to Florida and we still kept in touch over the years though it did get spread out as such often happens. We both lived in the vicinity of Holly, MI and would visit from time to time. She was unwavering in sharing her gifts and helping others; a genuinely wonderful soul. The world is dimmer now without her physical presence. Love, light and blessings to her, to her family and friends. Sue Bates

“ I will never forget doing the Turkey Trot through the house... “1,2,3, Kick! Gobble gobble gobble” or charging the golfcart with “reindeer juice”. Or cheering the golfcart going over the big bridge to make sure it made it all the way across! Every time we would bake a cake or dessert, she would ALWAYS let me try a piece just to “make sure it tasted okay before we served it anyone else”. In the summer, we would go to the pool and play “McDonalds drive thru” with a pool noodle and that is how she taught me how to swim! I never made the burger right so I’d have to swim back to the other side to get a new one. We would spend a lot of time in her little garden and she’d let me snack on beans and then tell me I was just like my mom! We would have picnics on the back porch and do all of the arts and crafts. I loved riding with her down to the lake by the square to have Wendy’s chili and feed the ducks. And of course, I am so glad I got to go to “Nannie School”! When I got my license, she would always ride with me in my little blue truck to go explore grave yards and every week we would watch Dancing with the Stars or Say Yes to the Dress. She would tell me she never had French toast as good as I made it! And she would always fuss at me to stop working so hard. Lol My Nan was the very best and never failed to make sure we had the most special times and I will always cherish them! I know I have the sweetest angel watching over me.
