“ David I am so sorry. Your mother was an awesome person. She was always so happy and loved to talk about things. I still remember the doll that she gave my daughter Samantha and she still has it. If you ever need to talk I am only a phone call away.

*Thank you Jamie. It's far more difficult than I ever expected, but I've received many kind messages like yours, and that helps a great deal. Thank you for this. I hope you and Samantha are well. Take care of yourselves.*

*“ David your mother was a very sweet, kind and lovely lady. She always had a smile on her face and always had the time to talk to me. She loved to talk about God and how he had BLESS her and the family. May GOD give you and the family peace and comfort. Gaile Buchanan*

*Gail, Thank you for being the first to share your personal memories in a very public place! I remember Artie working with you at Piggly Wiggly, and when we met you, (a younger brother of your colleague,) and mom, the kindness you showed everyone was genuine, authentic, and we held your very same faith and belief in our risen Lord, and that began an instant friendship that continues today. Thank you Sr. Gail for your comforting words, and the smile that's always present on your face. We respect your dedication and determination to follow Christ, and are, more than anything, grateful to be your friends, so again, thank you for helping Art and I us to cope with our grief. I know your doing this already, but please continue to pray for us.*

*We are doing the same for all our church family members. That includes you and your family, of course. Thanks again,*

*Thank you, Sunshine. I appreciate your kind words. I remember that visit clearly, and how we had time with Ashley at such a young age. I hope you and your family are well, and staying safe amid this viral pandemic. Take care of each other. Love and prayers.  
(Give Del my love.)*
