“ *Joann was my niece; she was a big part of our lives in her growing up years. We loved her like a daughter. She always made time for us and remembered us on special occasions. She was especially good to our son who thought the world of her. She took time for him; she made sure she kept in touch with him and with us after she moved to Florida. She will be remembered with a life time of memories; she will be dearly missed.*

“ I have had the pleasure of working with Joann for over 16 years at GRU. She was a great person to work with because she was always kind and asking about others. She showed genuine concern for her coworkers and those we interacted with. She was always bringing in gifts for new family arrivals and she was the person who put the seasonal touch on display whenever a holiday came up. She was giving and warm-hearted and will be deeply missed by everyone at GRU. I have and will continue to say prayers for strength and guidance for her family and others who are affected by her loss.

“ I worked with Joann for 14 years at GRU. She has always been a kind person. Her presence here is missed not just by the warehouse staff, of which I am a part, but by the other departments that we served together. I can truly say that we all share in the family's sorrow and that they all have our deepest condolences. Joann was always concerned for people, not just as a work relationship, but in their families. She was always asking about my children and often gave me gifts for them. This was normal for Joann. I will be praying that God's grace and comfort finds John and the family in this time of grief and that His light will break up the darkness.
