“ *The nicotine breaks in the parking lot were always filled with great conversations, insightful perspectives and good advice. Only knew him for the past 7 years, but it was the quality of those interactions that truly made them memorable. Sharing a glass of rum or a cold beer took those conversations to the next level, revealing a strong character with a humble soul...great story teller with unique way to influence and persuade. You will certainly be missed, but the lessons learned I will carry with me...Thank You Kevin.*

“ Our deepest condolences to Darlene and the entire family. I enjoyed working with Kevin at Nanotherapeutics/Ology. I would often grab lunch with Kevin and always enjoyed his stories. He was a kind and generous man and will be greatly missed.

“ *While working with Kevin at Nanotherapeutics, Kevin and I and a few colleagues went on a chartered fishing trip out of Cedar Key. He was constantly checking in on everybody the entire time....offering help and advise. I'm not sure he did any fishing, as he was making sure everyone was having a great time. Although he was a great friend and work colleague, he was also like a father figure to me. He was very generous with his time and truly cared about others. He will be missed by many...this world was better with him in it.*
