“ I met Michachalia through Stephanie, the long time partner of my nephew. Her personality reminded me much of my own at her age, BIG! Her love for the innocence of life was very apparent. She loved animals, children, nature and people, if they were true to her. I had the pleasure of seeing that sweet side often, although at times it was shrouded by her pain in the form of anger. Michalia is not in pain any longer so now I send my love, prayers and thoughts to her loving family to help them heal. 💕🙏💕 Carrie

“ When I first moved here, like 16 yrs ago, the Conovers were like the first people I met. Michalia soon became my little buddy. She would always help me when no one else was around. Always looking under a rock for snakes and bugs. She will be so missed, and never forgotten.
