“ *I'll always be grateful to Blake for being such a good friend to my mom. Blake was one of the nicest men I have ever met. He was a true educator, and he even read my MA dissertation and gave me some tips on improving it. He was a real sweetheart and he was loved and he will be missed. My thoughts are with you, Cheryl. I told mom to give you big hugs from me.*

I did not know him well, but it was evident that you guys loved each
other dearly and had a special relationship. I am so sorry to hear of
his passing, but praise the Lord, we know where he is, with our Lord

“ We got to know Blake in 1972 when we moved to Bushnell when I worked with his father. I got to know his mother through work. Blake was a member of a little gang of boys whose play territory included our yard and carport. Blake, Billy, Warren, & Tim along with the dog, Kitty, were delightful. They participated in schemes my wife thought up, like a surprise birthday party for me.

Blake's mother always kept us informed about Blake, as he served in the Navy (I had served in the Navy also.), retired from the Navy, continued his education and career as an educator. Blake made us all proud. We are very sad because of his early death.

“ There are far too many memories of Blake to list. We have been friends since we were 3. Our yards joined so we spent a lot of time riding tricycles, building forts, etc. To be fortunate enough to have a friend like Blake for so long was truly a blessing for me. We worked in the pepper and cuke fields and the packing house together. We planted pines for days. We stayed close while we were in the service. He even called me one morning while he was at sea. I never asked how he got to use the Captain's phone!

His favorite saying for a very long time was "life is good". For sure, having Blake for a friend made my life better.

There truly are no words to adequately express the loss of this man. My heartfelt condolences to Cheryl and the rest of the family.

Rest in Peace my friend! I'm going to miss you!

I'm so happy you are whole again and we know we will see your smile again one day. Thank you for loving my mom like you did. I know you were so proud of her as you fought, she never left your side.

“ I've known Blake since 5th grade and we graduated high school together. He was one of the most nicest persons I have ever known. It was great seeing you at our class reunions. You are gone way too soon.
