“ Ms Sauls taught me at Bell High School. I remember her being very patient and wanting to make sure everyone understood what they learned and kept up with their studies. She really had the patience of Job. I remember her willingly spending extra time with students who were struggling. She had a way of making learning both fun and interesting. She always encouraged students to go for it, get as much education as you can. I took her advice.

“ Mrs. Sauls was one of my very favorite teachers at DCHS. I was in her classes in 11th and 12th grade. She had a great sense of humor and always made our classes interesting and fun. She use to always give me her water glass and ask me to go to the lunch room and fill it with ice and water and then I brought one in for myself and she laughed. I have thought about her many times since graduating in 1979. She will always hold a special place in my heart.

“ *“ Ms Polly” was one of the most dedicated volunteers for Bell Elementary School. Her love for children, their parents and school staff made it a delight to work with her as she chose to serve her community in this way. She will be missed very much. My love and prayers are with you Beth and Sterling. ❤️*

“ *Ms. Sauls was always there when I needed an ear to listen. Truly a beautiful woman with a beautiful soul. My favorite memory from school is she always had to take off her glasses so she could hear you! I know she's in Heaven with Emery. God bless and comfort y'all. Becky Fowler*
