“ My husband was diagnosed with lung cancer in June 2024. We live in North Florida and we would take the back roads through Newberry to Gainesville. We spent that summer in Gainesville and would drive over to Newberry to eat at 1906 Restaurant. After he finished his treatment, we have been making monthly trips to Gainesville and we always stop at the 1906 on our way back home. Teenie would come out and greet us and other people. What a delight she was. We missed her and learned that she had been sick. we were greatly saddened to learn today that she had passed away. Our deepest condolences are extended to her family.
