“ *So sorry for your loss, I only met him a few times at the gym and I'm sorry I didn't get a chance to know him, but I've seen so many pictures of him with his mom and you could see they had a great relationship. I'm so glad that you have all those memories to cherish for the rest of your life.*

“ *Trystan was in my science class last year at OTES. He was one of my top students. Aside from doing so well academically, he excelled in friendships with his peers. He always had such a big beautiful smile on his face and the best personality. I will miss him dearly.*
